# SPIN

**SPIN PROVIDES ACCESS** to over 1,000,000 educational resources and an international network of educators, all accessible with a microcomputer and telephone.

**SPIN SAVES TIME** by electronically searching the relevant resources of over 60 on-line databases in just a few seconds.

**SPIN SAVES MONEY** by preventing costly redevelopment of materials and resources and by lessening the need for expensive reference books.

### *With SPIN Your Microcomputer Can Plug In To:*

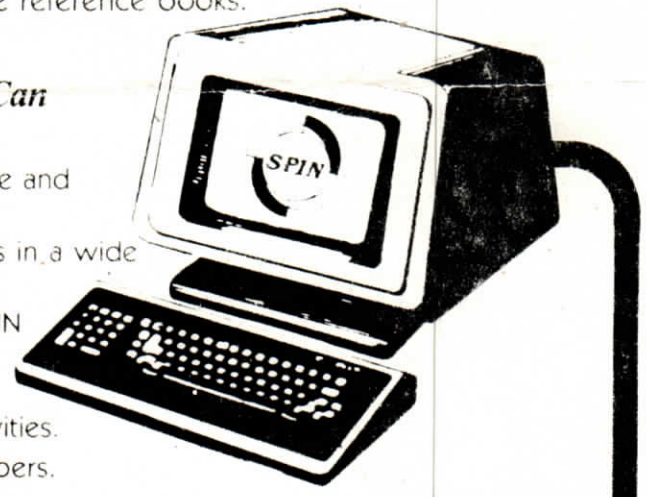

**Review** evaluations of instructional software and descriptions of software producers.

**Locate** educational programs and practices in a wide variety of subject areas.

**Send** electronic messages to any other SPIN member school, regardless of micro-computer type.

**Read** an online newsletter of member activities.

**Search** for descriptions of other SPIN members.

Scott, Foresman and Company  
1900 East Lake Avenue • Glenview, Illinois 60025

\*SPIN and SPIF are services and products of the Education Service Group of BRS and are available to elementary, middle, and high schools exclusively through Scott, Foresman's Electronic Publishing Division.
