kieran.moore@kflaph.ca

Dear Dr. Moore and and Mayor Doyle,

This is an **email follow-up** of a formal request for access to general records that I just submitted via your online portal (as shown in the attached screenshot), made under the *Municipal Freedom of Information and Protection of Privacy Act*, 1990.

Please advise how I may submit the \$5 application fee, as the online portal provided no payment options.

Description of Requested Records:

All records in the possession, custody or control of Dr. Kieran Moore or KFL&A Public Health describing the isolation of **any variant** ("new" or "old") of the alleged "SARS-COV-2" / "COVID-19 virus" (including the alleged "B.1.1.7" variant) alleged to have been detected in KFL&A), directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells or fetal bovine serum).

Please note that I am using "isolation" in the every-day sense of the word: *the act of separating a thing(s) from everything else*. I am not requesting records where "isolation of SARS-COV-2" refers instead to:

- the culturing of something, and/or
- the performance of an amplification test (i.e. a PCR test), and/or
- the sequencing of something.

Please also note that my request is **not limited** to records that were authored by Dr. Kieran Moore or KFL&A Public Health or that pertain to work done by Dr. Kieran Moore or KFL&A Public Health. Rather, my request includes any record matching the above description, for example (but not limited to) any published peer-reviewed study **authored by anyone, anywhere, ever** that Dr. Kieran Moore or KFL&A Public Health has downloaded or printed.

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Format:

Pdf documents sent to me via email; I do not wish for anything to be shipped to me.

[REDACTED]

[REDACTED]

Dear Christine Massey,

This letter is written in response to your request under the *Municipal Freedom of Information and Protection of Privacy Act* (the Act) for access to general records in the possession, custody or control of Dr. Kieran Moore describing the isolation of any variant of the alleged SARS-COV-2 directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material.

This request is denied in its entirety pursuant to personal privacy section 14 (1) of the Act.

A head shall refuse to disclose personal information to any person other than the individual to whom the information relates.

You may request that this decision be reviewed by the Information and Privacy Commissioner. The Commissioner can be reached at:

2 Bloor Street East

Suite 1400 Toronto, Ontario M4W 1A8

1-800-387-0073

Sincerely,

Suzette Taggart, RD, MBA
Manager, Communications

Request for General Records from KFL&A Public Health

Christine Massey <cmssyc@gmail.com>

Fri, Feb 19, 2021 at 3:24 PM

To: "Taggart, Suzette" <Suzette.Taggart@kflaph.ca>, kieran.moore@kflaph.ca, denisdoyle@kos.net

Dear Ms. Taggart, Dr. Moore and Mayor Doyle,

Thank you for your response, however **my request (attached) is not for personal information.**

I explicitly stated in my follow up email to Mayor Doyle and Dr. Moore that my request is for **general records.**

I would be very surprised if a description of methodology used to (allegedly) "*isolate SARS-COV-2*" is entered into any patient record, anywhere. One would expect such a description to be found in a scientific study, or perhaps a government report.

Further, I explicitly stated the following in my request:

*...my request includes any record matching the above description, **for example (but not limited to) any published peer-reviewed study** authored by anyone, anywhere, ever that Dr. Kieran Moore or KFL&A Public Health has downloaded or printed.*

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

It's unclear to me how anyone could interpret such a request as a request for personal information.

Regardless, 14 (1) of the Act does not apply to my request.

Note that we now have formal responses to the same records request from 17 other Canadian institutions (yielding in total zero responsive records). I don't recall any other institution interpreting the request as a request for personal information:

[Public Health Agency of Canada](#), [Health Canada](#), the [National Research Council of Canada](#), [Vaccine and Infectious Disease Organization-International Vaccine Centre \(VIDO-InterVac\)](#), [Canadian Institutes of Health Research](#), [Natural Sciences and Engineering Research Council of Canada](#), [Ontario Ministry of Health](#), [Institut National de Sante Publique du Quebec](#), [British Columbia's Provincial Health Services Authority](#), [Newfoundland Labrador Department of Health & Community Services](#), [McGill University](#), the [City of Toronto](#), the [Region of Peel](#) (Ontario), the [University of Toronto](#), [Sunnybrook Health Sciences Centre](#), [McMaster University](#) and [Mount Sinai Hospital](#) (Toronto) (note that researchers from the last 4 institutions had publicly claimed to have "isolated the virus", as had VIDO-Intervac).
<https://www.fluoridefreepeel.ca/fois-reveal-that-health-science-institutions-around-the-world-have-no-record-of-sars-cov-2-isolation-purification/>

Thus, I look forward to KFL&A Public Health's response to my request, which will be made public in the public interest.

Thank you and best wishes,
Christine

Christine Massey

Dear Christine Massey,

This follow up letter is written in response to your email on February 19, 2021 regarding your request for access to general records under the *Municipal Freedom of Information and Protection of Privacy Act* in the possession, custody or control of Dr. Kieran Moore describing the isolation of any variant of SARS-COV-2 directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material. The request includes any record matching the description, for example (but not limited to) any published peer-reviewed study authored by anyone, anywhere, ever that anyone at KFL&A Public Health has downloaded or printed.

KFL&A Public Health conducted a search for the requested records but did not locate any records related to your request. This request will not be granted as the records do not exist at our agency.

KFL&A Public Health do not have records related to the process of testing COVID-19 samples. If you haven't already, it is recommended that you seek information from Public Health Ontario as they are the lead agency on the process of COVID-19 testing in Ontario.

You may request that this decision be reviewed by the Information and Privacy Commissioner. The Commissioner can be reached at:
